

Hi All,

This young lad is a friend of Tim's who was at school with him at KES.

He simply disappeared last Monday morning after collecting his car and all I ask is that you forward this to help broaden the frantic search for him.

His family is shattered and has already been through so much!

Please help if you can. It may just take a couple of clicks, but that could mean a whole lot if he could be found!

PLEASE FORWARD ASAP!!

Thank you all,

The Hastie Family X

"A SON" (This is for Duncan)

A son is a son
wherever he roams
no matter how far
or the years that have flown.

He may test the darkness
to challenge the unknown,
yet he'll never be less
than your beloved son.

He may take your soul with him
from sea to sea;
but the child of your heart
he will ever be.

Doesn't matter the distance
or trials he may know,
he is always 'your son'
wherever he goes.

Duncan Allan, 20 years old, current B COM Investment management student at TUKS. He has brown hair, brown eyes and is 1.9m tall.

Last seen 7:30am on Monday 18 July 2011 at Lynwood Motors, Pretoria (video footage), collecting his car (kingfisher green (blue/green) 1994 csx Jetta 3, registration DJY 086 GP. His phone was deactivated around 10am in the Pretoria area. There has been no other reported citing or contact from him since. He was at a bible study group the night before he went missing where he slept Sunday night in his residence (Olienhout). He was seen leaving Olienhout on Monday morning at 6.30am.

Duncan has recently missed all of his lecturers, his serenade (TUKS) practice, not returned to his residence at Olienhout or spoken to any friends, church members or family members. This is very out of character for him.

Duncan is a diligent and grounded scholar and man. This is completely uncharacteristic of him, and his family are looking for any information that could help with this mysterious and unusual disappearance.

A missing persons report has been filed, there are detectives on the case, however the police have not as yet produced any additional information. The family have contacted all friends and hospitals in the Gauteng area.

Contact Tim Allan (Father) 082 882 4047

Please can you help us by making the public aware of this disappearance? If we can find the car we will be one step closer to finding Duncan.
